General Lee's City

Synopsis

Organized into five driving tours that cover 106 historic sites, this book conjures Richmond as it was during the Civil War. Firsthand accounts and original illustrations capture the turbulence and ultimate tragedy of the Confederate capital.

Customer Reviews

General Lee's City is a must have and need to read book for anyone interested in history, the Civil War, Robert E. Lee, architecture, and travel. It tells the story of the Capital of the Confederacy in a way that the modern reader can really "see" what conditions were like in Richmond during the war. My passion is giving guided tours of historic Richmond, Virginia and this book helped me navigate modern day Richmond in order to interpret what's still there from the past for those who like to see their history from the ground up. Significant structures and events are brought to life in a realistic way that will be helpful to anyone who is trying to recreate events from the war years for themselves or others. Although this book is a few years old, it stands up as a classic and will be treasured by future generations as well as those of us who rely on such books as valued resources.

Great pictures and maps. Wonderful for historical research.
