Customer Reviews

We all enjoy limitless possibility for happiness and fulfilment; this book can help us attain it. A work of deep spiritual insight.' - The Napra Review "... a laudable and thought-provoking read ..." - MidWest Book Review --This text refers to an out of print or unavailable edition of this title.

"When things go wrong in our life and we encounter difficult situations, we tend to regard the situation itself as our problem, but in reality whatever problems we experience come from the side of the mind. If we were to respond to difficult situations with a positive or peaceful mind they would not be problems for us; indeed, we may even come to regard them as challenges or opportunities for growth and development. Problems arise only if we respond to difficulties with a negative state of mind. Therefore, if we want to transform our life and be free from problems, we must transform our mind."
