Customer Reviews

Excellent compendium of recipes which we have been using since November!

I love it. Great recipes and a great app.

Lots of ideas

I subscribe to the Saveur Blog and found so many recipes I liked that were in this book I bought the book. I admit it is going to take me a while to try a LOT of the recipes in it but the ones I have made I love. These, (in my opinion), are some really good recipes. Thank you.

Recipe books this day and age should have a picture with every recipe. This book is sorely lacking. It looks as if Saveur went the cheapskate route. The recipes themselves look good and interesting but without the visual the allure is diminished.

just OK -- the receipes too internatiional
