Museum Of Mistakes: The Fart Party Collection

Synopsis

In 2004, Julia Wertz began a series of funny, irreverent autobiographical comics she called The Fart Party. After posting these comics online to acclaim and controversy, she eventually started collecting these comics as self-published minis which found their way to Atomic Books in Baltimore, who thought they ought to be collected into a proper book so as to garner Julia more laughs and hate mail. As these things go, the first volume was so successful, there was a second volume. Both are now out of print, but Museum of Mistakes collects them into one book, plus numerous pages of Julia's early comic work, unpublished and/or previously uncollected comics, short stories, illustrations, process pages, hate mail, sketchbook pages, tear stains and more.

Book Information

Paperback: 400 pages

Publisher: Atomic Book Company; , Along with New Material ed. edition (October 1, 2014)

Language: English

ISBN-10: 0978656962

ISBN-13: 978-0978656966

Product Dimensions: 6.4 x 1.2 x 8.7 inches

Shipping Weight: 1.8 pounds (View shipping rates and policies)

Average Customer Review: 4.7 out of 5 stars 17 customer reviews

Customer Reviews

"Julia is the funniest, most unique voice in comics rights now, not picking up this book would be a huge f***king mistake." --Brian K. Vaughan
"There is adventure, persistence and charm in Julia's face-slapping stories. These comics look cute and nice, but they aren't; they are interesting, and convey life throes very well." --Gary Panter
"Museum of Mistakes displays a magnificent collection of laffs, gags, and profound profundity. Well worth the price of admission." --Carol Tyler

Julia Wertz's comics are amazing, they are a poignant coming-of-age story going from childhood, through teenagers through the awkward early 20s into the desolate 30s. I can really relate to them on different levels. They are mostly autobiographical but deal with side characters and observations. Every page is incredibly personal and balances the line between profane and profound. Her comics

offer a unique view of growing up in the late 90s and the 2000s. She is one of the more interesting voices of our generation. Her comics told from a female perspective but our wholly accessible to male readers. They are honest, profound, meaningful and brilliant above all they are actually honestly funny. They are a handmade creative personal epic and you get the feeling that her blood and feelings were used to ink the pages (ok that just got a little creepy). This volume collects all most all of her earlier works including her Fart Party comics. And is a phenomenal bargain at twice the price. And a better world teenage schlubs would be reading this instead of some disposable teen manga. Stop what you're doing and buy this comic, what are you doing? I told you to buy this comic now. Go do it and then come back. Actually this is the end of my review so have a good time reading Museum of Mistake: The Fart Party Collection.

I loved it. Her work really resonates with me, and I see myself reflected in the thoughts and actions of Julia and friends. I understand her actions too well as a creator and as a struggling younger artist. I feel like this book was made for me.

Brilliant!

I am loving this book! Julia Wertz's writing really draws me in - I find this book so absorbing, charming, and sweet with a side of douchey (in a really good way). The stories are so relatable - I see myself in almost every page. Great read, go on an' get it!

I'm a fan of Julia Wertz. This publication was practically unreadable but not because of the content; the print and type was far too small, making for an unenjoyable reading experience.

Includes both Fart Party volume 1 and 2 (which are out of print) but tons of previously unpublished material as well.

This was great! Arrived faster than expected also.

This a great book for big fans of Wertz's work. I love Wertz's style of drawing it is absolutely addicting. Her method of telling storytelling is enjoying and, at times, quite humorous. There is one star missing from this review and for one reason only. Sometimes I feel like Wertz's humor goes beyond childishly crude. Like I seriously don't need to know that she has mentally thought of

poo-ing on things.
