With guidebooks to hundreds of places around the globe available in print and digital formats, DK Eyewitness Travel Guides show travelers how they can discover more.

Travel guides become dated. It's an unavoidable fact and people had made note about that with the previous version of "Top 10 Toronto." I used this in May 2013 for a vacation, only a month after it was published. In fact, I was looking for something really, really current. It's a great little travel guide. The top 10 format provides enough information without overkill. I like to explore and this guide was perfect for that. I found everything up-to-date. It is smallish, so it'll fit in a small bag or purse. Overall, this guidebook worked really well for me. I had planned to visit one of Toronto's visit centers for tourists, but with this book, I found I didn't need to.Toronto is laid out well and it's easy to navigate, especially the downtown core. I flew there and didn't bother with a car. I took the subway or streetcar everywhere. The maps in "Top 10 Toronto" were easy to read, and helpful when using rapid transit. However, the maps are a bit small, even the pull-out map that comes with the guidebook. I purchased and carried this as well, in case I needed a bit more map detail:Â Streetwise Toronto Map - Laminated City Center Street Map of Toronto, Canada (Streetwise (Streetwise Maps))

I'm an avid traveler and I'm picky about my travel books. Considering I only spent 3 days in Toronto, this book did just fine for me. It had enough information to get me to some really interesting sites and neighborhoods. It even gave detailed walking tours through the sites & neighborhoods I visited. For such a small book, it actually packs quite a bit of detail. Very happy with this purchase!

I seriously love these travel books. I own about 10 to different cities. Any time we take a trip, we buy

one. I'll keep it simple...1. There are tons of pictures.2. There is a nice map.3. It fits in my back pocket (sticks out a little).4. It's glossy so it can get a little wet and be ok.5. It breaks things down in such a way that you can easily see the highlights in any city.6. I'll mention tons of pictures again because if you compare this to a Fodor's side by side you will see why you want this one.

Used it on a recent weekend trip to Toronto. Very useful guide and provided plenty of guidance for us to see the sights and get around the city. We thoroughly enjoyed our stay in Toronto and the Top 10 guide helped us find our way.

For a brief visit to Toronto, this is an excellent source. Plenty of material was packed into an easy to carry format. There was about as much information as one could digest during the flight to Toronto, and it proved to be a good primer for a visit to the city.

This is the best guide book on Toronto I've read (and I've read a bunch) It gives a lot of information, but doesn't overwhelm you.

Once again I chose to purchase a DK Top 10 book, this time for Toronto. We had been to Toronto once before, so I didn't need a big, detailed book. We used the Top 10 extensively over our week long stay, as I could carry it easily in my small backpack purse. Highly recommended!

Perfect. Everything you need to know is in this guide. Enjoy your vacation!
