Age Range: 1 - 3 years

Grade Level: Preschool and up

Customer Reviews

Two books in one feature larger pages showing a parent animal with nestled smaller pages featuring the baby. Readers can enjoy each story on its own or turn the big and little pages in sequence to pair these creatures from the ocean deep. Adorable gouache illustrations of smiling octopuses, whales, turtles, and others will warm readers' hearts.â "Mahnaz Dar, School Library Journal

"The delightfully drawn animals and the guessing-game aspect will be appreciated by both toddlers and parents."--Booklist"Will warm readers' hearts."--School Library Journal

This is the cutest board book ever! I haven't seen one like it. Each page has a mini cutout - so the picture of the mama is on the big part of the page, and the baby is in the small part of the page. This means that the child get to turn his/her own little page. It has the same fun feel of a book that has

little flip up parts for a child to look at, in that it gives the child something special to do, but with no risk of breakage - it's nice and sturdy.

This book is really cute. I bought it for my newborn, and my 8 year old actually loved it. The small flaps are a little hard to manage when holding and reading to the baby- but this will get better as he gets older and I love the concept!

It's a cute book with cute pictures but the verses leave something to be desired and the little pop out section is difficult to navigate when doing story time with my little. If I had seen the whole thing in person I probably wouldn't have purchased it.

Cute book but the binding started coming apart soon after it arrived. Can't read it with my baby till he's older for fear of it getting completely destroyed :(quite sad

It is a cute book. I wasn't paying attention when I bought the book. I did not realize there is a pop out section. It was kind of hard to navigate the book with the pop section. It was hard to have the main section matching the little section.

This is a cute baby book. It was hard for me to turn the smaller portion of the page (with the baby) while I held my daughter so we just don't read this one too much. It's a simple book and the illustrations are beautiful. This is a great addition to a nautical nursery. In other words, it looks great on the book shelf.

Super cute! My tot loves it. Put it on the nightstand to display as well as read, doesn't stay closed together but still works out

Very cute book. My daughter loves the ocean, so she really enjoys this book. The only con is that it isn't as sturdy as I expected it to be.
