Loved this book! It is the PERFECT companion to Charmed! It follows the charmed ones in great detail! And a great short brief of the famous book of shadows. Truly a pop culture icon and a perfect addition to any charmed fans collection!

If you're a huge fan of the show, then you'll pretty much know everything in this book. But it is PACKED with information. A great reference to the show. My tip: do not read this if you haven't seen the show completely, as it has spoilers. And I must emphasize, this is extremely thorough & informative. I was impressed. Definitely going to be buying vol. 2 to complete the collection.

It is very informative. It has detailed descriptions of each episode's plot. My only wish is that they listed all of the guest stars, and had actual photos of the Book of Shadows pages.

The book arrived before date. My daughter was very happy with the book. It was in very good condition and shape. I would buy more books from this buyer. If your children are into charmed would say grab it while you can.

The book is what we thought we were buying, BUT there was writing on quite a few pages. I thought it was supposed to be new like. Oh well for a penny the over all is keep able

I got it and can't wait to read it

for the price I got my book at it was great a little worn but that's it and I had someone's meds slip in it

My wife is a huge fan of the Charmed series, hates reading, and really liked this book.
