Customer Reviews

JEFFREY C. DOMM has illustrated more than 20 wildlife books. He lives and works close to the shores of Halifax Harbour, in the village of Cow Bay, Nova Scotia.

I purchased this as a gift for my parents who were going on vacation to Prince Edward Island. The book has vivid pictures, animated/drawn ones-not photos. This book also encompasses plant life, insect life, amphibians, etc. My parents said they were able to pack it in their bag they used when they walked around (because it was a nice small size), take it out quickly, and identify a ton of wildlife. There aren't many options for that part of the Canadian land, but I would definitely

recommend this to anyone who's looking.
