Living In Style: Scandinavia

Synopsis

Nordic countries are frequently listed as having the highest quality of life worldwide, according to multiple studies. But Northern Europe doesn't just score high in social issues. Sweden, Norway, Finland, and Denmark are known for their spectacular fjords, untouched nature, and their clean interiors. Scandinavian-style interiors exude a classically modern elegance, boasting both innovation and the highest standards of comfort. Lighting and a deeply rooted connection to nature play just as much a role in the spaces as do intense colors and graphic design. This newest addition to the Living in Style series displays the Scandinavian lifestyle at its best.

Customer Reviews

This is a lovely book. The photography is great, the pictures are large, and the homes are beautiful. The comfortable interiors and outdoor living areas very much appealed to me. My only complaint is that, sometimes, I wished a more detailed written description was given.

Very interesting and beautyfull book

Beautiful photography
