Customer Reviews

"A welcome addition to early years resources, for monolingual and bilingual teachers alike, as they provide opportunities for lots of discussion in and about a variety of languages." â Books for Keeps

David McKee attended Plymouth Art College, where he had traditional training. He has produced several characters that have developed into highly popular series.

We purchased all of the English-Italian Elmer books so our daughter's Nonna and Nonno can read to her in Italian. This one is our favorite since it has all of the activities that little ones are familiar with (bathing, playing, etc.). Elmer is so adorable and his colors are very attractive to babies and toddlers. The pictures also provide plenty to talk about such as how many birds are in the tree and where Elmer is hiding. We hope they continue making more of the English-Italian versions for other Elmer books. So far there are two others: Elmer's Colours (English-Italian) (Elmer

series) and Elmer's Weather (English-Italian) (Elmer series). I highly recommend them all!

Beautiful Children's book in Italian. It is a new book and shipped right away. My grandchildren are enjoying learning a new language. We will purchase additional books from this seller.

My friend is married to an Italian man (born and raised there) and her in-laws still live there. These books were the perfect gift at her baby shower! She loved that it spoke to her baby's Italian heritage, and it scored lots of points with her husband's side. Plus the illustrations are adorable. Great for any smart, multicultural expectant couple (Italian or not)!

This is a sweet book for teaching little ones bilingual English-Italian. The story is catching enough to keep the interest of both toddlers and young children, yet with enough Italian to immerse themselves. Having the story translate on each page is helpful. While some may laugh (please feel free), I found it useful in teaching myself, too!

I bought this book for a friend's daughter. Her husband is Italian and they are teaching their daughter Italian and English. They loved the idea of the book and she told me the Italian is spot on. The English translation she said was more British English sounding as opposed to American English. They read it to their daughter often.

My husband and I love this book! It's super cute and our 9month old loves the story and the pictures. We try our best to read the Italian, but, we're still learning. It's great practice and our baby loves listening to us try. We've picked up a few words from it. I will definitely be purchasing the other Elmer English-Italian books.

Love these little Elmer books; my kids learned all their first Italian words this way. Get all the books in the series.

Very good book to start with, very highly recommended. Since English is my second language and I am teaching Italian to my child first.
