Customer Reviews

The description of this planner said "May 31, 2017" towards the heading and (at the absence of any description when I purchased it stating this is a school year versus January to January planner or any photos of the inside), I thought - great, it starts sometime in summer and continues to 2018 - sadly, not correct. It starts the first weeks of January and is adorable but now essentially useless to me. I would have tried to return it but I had removed the plastic shrinkwrap to double check the format and dates. Cute design - the format of weeks is very small but workable for brief notes or plans. If you don't mind the January start and just want to jot quick notes down it could work for you.

SMALLER THAN I WAS EXPECTING BUT STILL CUTE
