Third Eye Awakening : Awaken Your Third Eye In 4 Weeks (April Stone - Spirituality Book 6)

Synopsis

Begin your journey of opening your Third Eye with this ultimate guide. An entire world is waiting for you to explore by embracing your Third Eye. The sixth sense has always been mentioned in fiction to entertain people's fantasy of the non-tangible or unmeasurable abilities a person could have. Many of us will even know of people who seem to possess abilities that make no logical sense. The friend with incredible intuition, the friend who seems to understand others better than the person themselves and the friend who experiences déjà vu too many times for it to be meaningless. We all know of these special individuals, and may wonder if these people are simply the chosen ones of mother nature. What if I told you anyone can nurture and learn these special skills. Everyone has a Third Eye and it is only a question of whether your Third Eye is open or not. Some people are blessed to have grown up in an environment that nurtured their Third Eye to open up, but like most of us our upbringing has unintentionally closed our Third Eye. You can learn to awaken your Third Eye, through practices and conscious effort to nurture your sixth sense. Awaken your Third Eye to:

- Enhance your intuition-
- Enjoy better mental, emotional and physical health-
- Achieve a sense of universal peace with yourself and your environment-
- Unlock your abilities to perceive the non-explainable-
- Open up the opportunities to practice astral projection and animal communication-
- Begin tuning into the universe and the environment around you -
- Begin to learn more about yourself and others-
- Much much more.

Things you will learn from this book...- Clear instructions on exercises and practices to speed up your Third Eye awakening process. Note: it may take you more or less than 4 weeks to awaken your Third Eye depending on your current state.
