Customer Reviews

...like having a team of professional garden designers on hand. --Country Living Gardener...you'll turn to these beautifully rendered design possibilities again and again. --Eleanore Lewis, Woman's Day Garden Planner & Practical Guide This idea-filled book takes the guesswork out of landscaping so you can focus on the fun. Designs that work, great plants you can find, accurate instructions, and detailed drawings will help you succeed. --Nancy Beaubaire, former Editor Fine Gardening and Country Living Gardener

Southeast Home Landscaping is an updated, expanded edition of Creative Homeowner's

award-winning best seller on landscaping southeast-style. Readers will find inspiring ideas for making the home landscape more attractive and functional. The 50 featured designs are created by landscape professionals from the region and use more than 200 plants that thrive in the southeast. Detailed instructions for projects such as paths, patios, ponds, and arbors are also included. Over 450 full-color photos and paintings are complemented by easy, step-by-step instructions. The southeast will be in full bloom with Southeast Home Landscaping. AL, AR, FL, GA, KY, LA, MS, NC, SC, TN --This text refers to an out of print or unavailable edition of this title.

This is one of the most useful gardening books I have ever purchased. I originally got it from my local library and was so impressed with it I went looking for my own copy. I'm grateful it was located on . I am not a new gardner but I found so much useful information from starting seeds indoors to building raised bed structures to planning perennial and annual borders to growing shrubs and trees, to learning about composting. This book is just chalk full and the photographs which illustrate it are just scrumptious. I highly recommend it, especially if you are just starting to learn about gardening. Please note, there are several regional editions. Find one for your region and enter gardening bliss.

I love this book. It has so many great ideas that I could actually see myself implementing. It is very practical (not quite so over-the-top as Southern Living, where everything looks like the very well-to-do live there) but also inspiring. I have bookmarked a number of pages with ideas to try.

Very Impressive book, full of information, how to, plants, and landscaping a yard with multiple designs to choose from.

Excellent book lays out ideas for landscaping directed toward your geographic area.

Very useful reference best because it is specific for the Southeastern US. Excellent photos, organization, and landscape drawings. Great price in great format.

One of the best landscaping books ever published. Very helpful; shows landscaping ideas for all types of areas (shade, sun, etc) with beautiful pictures & plant descriptions/requirements so you know how your yard will look now and 5 years from now. I've had my copy for seven years and still refer to it when adding plants to our landscaping. Loved it so much, I purchased an updated edition

for my daughter for her new home.

I love gardening and am learning quite a bit from this book especially since I have changed regions gardening

I purchased this book to aid in landscaping my front and back yards. It gave me a ton of ideas. The book includes many pictures and descriptions of the plants. An especially good pick for a novice gardener like myself.
