# National Geographic Guide To The National Parks Of Canada, 2nd Edition

## Synopsis

This completely updated guidebook shows you how to make the most out of your visit to Canada's 47 gorgeous national parks, just in time for Canada's 150th birthday "from Cape Breton Highlands to Banff to Pacific Rim National Park Preserve, plus the five newest additions: Nâjâts'ihch'oh National Park Reserve, Mealy Mountains, Rouge Urban, Qausuittuq, and Sable Island National Park Reserve of Canada. Written by national park experts who know the parks inside out, chock-full of handy, practical information, and beautifully illustrated with stunning photography and one-of-a-kind maps prepared by National Geographic cartographers specifically for this book, this edition takes you step-by-step to the must-sees of each park, and lesser known places as well, making sure you don't miss a thing. Detailed guidance highlights the best spots for wildlife watching, favorite places for kayaking, swimming, camping, hiking, and other activities, as well as such nuts-and-bolts information as how to get to each park, the best seasons, where to stay, and much more. This is the only guide you'll need on your next foray into Canada's splendid parks.

## Customer Reviews

NATIONAL GEOGRAPHIC is one of the world's leading nonfiction publishers, proudly supporting the work of scientists, explorers, photographers, and authors, as well as publishing a diverse list of books that celebrate the world and all that is in it. National Geographic Books creates and distributes print and digital works that inspire, entertain, teach, and give readers access to a

world of discovery and possibility on a wide range of nonfiction subjects from animals to travel, cartography to history, fun facts to moving stories. A portion of all National Geographic proceeds is used to fund exploration, conservation, and education through ongoing contributions to the work of the National Geographic Society.

I have the National Parks of the United States book and after visiting several National Parks in Canada I realized it would be very helpful if I also got the National Parks of Canada book since I hope to be visiting more national parks in Canada. I find these books have a lot of very useful information when planning to visit a national park and I recommend them.

Have the US National Parks version which I love so wanted this for Canadian Parks which were going to start exploring this summer. Great information on each of the parks including hiking trails and activities or sites to see. Great pictures included. Gives you info on camp grounds as well as lodging inside and outside of the parks.

I love this guide. Gorgeous photos, and tons of great information about each park, including best times to visit, how to get there, fees, etc. This is a book you pick up and just keep flipping through.

wonderful trip planner

I've been waiting for this book to be published. I love the Canadian parks I have visited and was anxious to learn about more of them. I'm a little disappointed that some of them are so very remote, though. Most of the ones that are feasible for me to visit I have already been to. But if you aren't familiar with Canadian National Parks, this is a great book to introduce you to some wonderful places. (I live in the US and LOVE our park system too.)

Great Book..

What I was looking for

Very compete summary
