Customer Reviews

The whole saga has been pretty meh so far, but I'm willing to give it a chance. Brand New Day Vol. 2 is nothing extraordinary, but it still kept my attention.

There were no blaring problems with this product, it was exactly what I expected for a used comic book. The cover page wasn't completely flat in the corner, but it came in well-protected safe packaging on time. The story is good, colorful pictures; I would recommend this product.

This story continues from volume one and is a well written volume. New enemies make appearances and their powers are seen. Some great spidey quips in this volume. The story is good and continues the new direction that marvel has for Spider-man.

Brand New Day is the storyline I'd recommend for people looking to get into Spiderman. I started elsewhere, but when my niece wanted to start seriously reading and collecting comics I pointed her here. It's going rather well, as you can see by my ordering the second volume for her. Taking the kid to SDCC this year. She's very excited.

Godd story but Dan Slott's take on Amazing Spiderman it's unique and perfect, like JM Stracinsky, but even better and Funnier
