Age Range: 12 - 15 years

Grade Level: 7 - 10

Customer Reviews

Excellant

Brother is a BIG history buff so he likes that the books are small but still full of awesome knowledge

Great book, simply written account for a complicated historical time.

As a 5th Grade teacher, I like anything that makes history easier to understand while presenting it in a fun and lively way. These books fit the bill, although I find them more useful for myself. In other words, this series might be too hard for most 10 year olds, but helps their busy teacher decide what

they should be taught.

It was a very good book i learned so much and it was also very short and once again it was good

great book and great transaction
