The 15-Minute Shotgun: A LEGAL 12-GA. SHOTGUN YOU CAN BUILD FOR LESS THAN \$10.00 IN LESS THAN 15 MINUTES

Synopsis

The 15-Minute Shotgun is the definitive book on slamfire shotguns. Fully illustrated, it shows step-by-step how to make the simplest, easiest, and least expensive single-shot 12-ga. shotgun in the shortest amount of time, using only a few common hand tools. It covers proper operation, including loading, firing, and speed-firing, as well as safe handling, testing, strength of materials, Federal firearm regulations, and the Anti-Federal Insurance Policy. Various upgrades and enhancements are also shown, leading to the construction of uniquely personalized, effective, attractive, and very enjoyable firearms. All necessary tools are listed, as well as the required materials along with their sources and current prices. For subsistence hunting, casual target shooting, personal and home defense, all-out guerilla warfare, or even the impending Zombie Apocalypse, The 15-Minute Shotgun will give you the biggest bang for your buck.
