Brew Your Own, launched in 1995, is the largest circulation magazine for people interested in making their own great beer at home. Every issue includes recipes, how-to projects, and expert advice to help you brew world-class beer. Regular columns include troubleshooting common

problems with Mr. Wizard, brewing a classic beer style in Style Profile, homebrew recipes for your favorite commercial beers in The Replicator, refining your brewing with Techniques, building brewing gadgets in Projects, and hearing tips, stories, and recipes from fellow homebrewers in Homebrew Nation. Brew Your Own publishes eight issues annually from offices in Manchester Center, VT. The magazine's online home, byo.com, offers a selection of the magazine's stories, projects, and recipes, as well as web-only features.

This book would get 5 stars but unfortunately the first beer recipe I went to use was incorrect. It said for 17.5lbs of grain to mash with 3.75 gallons of water and sparge with 2 quarts. Clearly not enough. Even as a beginning brewer I caught the mistake. Glad I did too otherwise my beer would have been trash. Thanks Big Book! Other than the recipes probably being wrong, the book does go into great detail about each aspect of brewing and how important they all are. It is a good book for the brewing knowledge. Not the recipes.

Finally received my copy, and love how this book is put together. Each page has clean uncluttered design, and the 50 recipes contained in this book are mind blowing.

Got this for my hubby as he is a home brewer and he loved it.

Lots of material here. Love it

There are some great tips and tricks in here for the beginner and advanced brewers.

Numerous helpful hints and a nice selection of recipes to try.

So far i brewed about half of the recipes illustrated on this book and all of them tastes great. Look forward to brew rest of the recipes :)

I have been a BYO subscriber since 95 great info In 1 Place
