Great maps! Takes a beating (like all NatGeo maps) and keeps on ticking as John Cameron Swayze used to say. Good detail, and reliable distances between locations. Used to navigate from Rajasthan to Kerala in January 2013 in an auto-rickshaw -- an amazing 2 week journey. Only thing that bothered me was that the scale was different on the two maps, which made transitioning from one map to the other a bit more complicated.

The best India map I've used. It's super detailed and also includes Nepal, Sri Lanka and Bhutan.

If you are traveling in India I would look for a series of regional or smaller maps so you get more detail. For my purposes (a snapshot of my travels in India) I would have liked the entire country on one side, but that is a bit peculiar to my use.

Great map. Accurate and easy to read

Very pleased. Map is helpful in planning a visit.

This map came in very handy whilst navigating our way across India in the Rickshaw Run, January 2012

So I bought this map for a 3 - week trip to India. Once there I opened it and find that one side of the map is completely faded! look at attached picture. By the time I got home it was too late to return the map.
