All New Building Decks (For Pros, By Pros)

Synopsis

All pros on deck in the completely new edition of All New Building Decks. It's the ideal time to start thinking about your deck – either the one you already have that you want to fix up, or the one that you've been dreaming of building. Either way, All New Building Decks – the hot-off-the-press new edition of the bestselling favorite – will walk you through the steps, materials, and do's and don'ts for taking on your deck-building project. Get more tips, more advice, and more deck projects you can easily take on. All New Building Decks, a fresh collection of best advice from the experts at Fine Homebuilding, is deep with up-to-date content for designing and building a deck for your home. Our pros take you through every step of the process including: Tools and Materials: From hardware to fasteners, flashing to finish, this section covers everything you need to tackle your deck project. Deck Design: Create a small but elegant deck, take advantage of the natural views, build a porch with a roof deck, add in decorative inlays, and cull the brightest ideas for lighting. Deck Framing: Loads, footings, frames with steel – there's lots of ground to cover in your deck's frame. This section will also show you how to make an old deck safe as well as clue you into the "Top 10 Deck-Building Mistakes" – so you won't fall into them! 400 Photographs and Illustrations: if a picture paints a thousand words, imagine what 400 will do! Follow along, get inspired, and let the step-by-step approach get you to your finished product easier than you thought. PLUS! Gain quick access to everything you need to know about railings and stairs; benches, planters, and decorative borders; custom sizing and details; and more. Get started now and, in no time, your beautiful deck will be the key location for memorable parties and barbeques, lazy days with a good book, and an outdoor paradise where you can simply enjoy the season at hand. With the site-tested tips and techniques that Fine Homebuilding is known for, All New Building Decks will help you build the safe, secure, and beautiful deck you deserve.

Customer Reviews

All contributing authors are seasoned professionals whose articles have appeared in Fine Homebuilding magazine. Since 1981 Fine Homebuilding has been providing information and inspiration to everyone who cares about quality home improvement and construction. the magazine is the best source of home improvement information and helps readers build projects better, faster, and more efficiently.

I have several deck projects and thought a little knowledge from others would be a great idea. Reading was vey informative and pictures excellent for descriptive content. Would recommend.

Great into.. new materials and tools. A very good read - helps me judge my grandson's work on his deck :)

My husband first checked this book out from the Library along with several other books to research how to build a deck. Out of all of the books he looked at this was his favorite one and so I ordered it for him. I'm sure he will use it a lot when building our new entry deck. Would recommend it to others getting ready to do that type of project.

Lots of good information

Extremely useful and practical guide. Highly recommend

Not the level of detail I was expecting.

Some interesting concepts but not a comprehensive guide.

Can't wait till spring to build my deck. The book gave me several good ideas. I do wish it had more information on floating decks built on those concrete piers where you are close to the ground. I don't recall seeing that in the book.
