Eddie Trunk's Essential Hard Rock And Heavy Metal Volume II

Synopsis

“Eddie Trunk is one of the greatest true rock-and-roll fans I’ve ever met. He hears it, sees it from all angles, with an unusually unbiased point of view.” “Slash” Eddie’s a true flag-waving defender of all things rock. “Bret Michaels” Eddie’s name should be spelled M-E-T-A-L. All of us should be thanking him because he has kept this scene alive for everyone.” “Ronnie James Dio” In the much-anticipated sequel to the bestselling Eddie Trunk’s Essential Hard Rock and Heavy Metal, Trunk picks up where he left off by featuring 35 new bands, both legendary and forgotten, and sharing his passion for all things metal. Complete with his favorite playlists, band discographies, memorabilia, trivia, and more than 200 color photographs, this new book combines brief band histories with Trunk’s unique personal experiences and anecdotes in a must-read for all fans of rock and roll. Featuring a diverse lineup, from Marilyn Manson and Ace Frehley to Lita Ford and Whitesnake, Volume 2 salutes all those who are ready to rock!

Customer Reviews

“Eddie Trunk has been sharing his love of hard rock and heavy metal with fans for thirty years. He is the host and co-producer of VH1 Classic’s That Metal Show and is heard on two weekly radio shows: Eddie Trunk Live, which airs on SiriusXM radio, and the FM-syndicated Eddie Trunk Rocks, heard in New York City on Q104.3. He lives in New Jersey. Please visit him at EddieTrunk.com

This is a decent read, but nothing spectacular. This book seems rushed. The information is

sometimes taken from Vh1's behind the music episodes etc. Many of the photos are captioned incorrectly(wrong band members named below the pictures).Having lesser known bands like Accept, Overkill, Exodus, etc. was a great idea. These bands deserve the exposure! The problem is that a lot of the material for each band is Eddie's patting himself on the back and taking credit for their success. This is typical though as anyone who has listened to his radio shows knows. It's definitely worth the time to read, especially for metal fans who are not already familiar with these bands. I was expecting more.

A must have for any true metal and hard rock fan. The reason I love Eddie trunk so much is his wide spread love for all forms of hard rock and heavy metal. He makes you realize that all forms of metal are great. It's ok to like Iron Maiden and Stryper. Eddie gives a great look inside each band along with his picks of his favorite songs from each one.

I am a huge fan of Eddie Trunk and That Metal Show. I was very excited when he released the first volume. The second volume is just as good. I always love hearing other's views on Metal and what they think and like.

I've been a metal fan just like Eddie for a very long time and he has done a superb job gathering all the band's information and passing it on to the reader. I really enjoyed the book and recommend it to anyone who is a fan and to the younger fans that have heard of the band's , and want to know their history. A must read .

Eddie writes as if he were sitting right in front of you, and with a passion that has no equal. I always enjoy his fanboy approach to the music I love, he always comes accross as a fan first and foremost

Great read...lots of insight from a guy who knows all the players. Hope there is a volume 3 coming soon

Written with the love and commitment that only a true fan can deliver. An excellent guide for beginners and an amazing reminder of a great period of time for this genre of music and for those of us who lived it. Thanks Eddie!

Excellent book to bring back some great rock and roll memories!
