Customer Reviews

My daughter loves this series, and she says it's good for ages 8-12. It is only the second series she has asked me to get her all the books for (the first was A-Z Mysteries). She likes to read, but due to a lazy eye, it is difficult physically, so I am grateful she found these books. We actually got the first one free on Kindle, and I've since bought the rest.

My 10 year-old daughter loved this series...and she is one who doesn't like to read if she doesn't have to. Surprisingly after the first book, she excitedly was asking for the next one and the next and the next one. Thank goodness we finally found something that she liked reading...and reading without me telling her to. She liked them so much that I had to tell her to put the book down and go to bed. I was amazed and happy.

My daughter is fascinated with diaries and journals so anything remotely related to that activity is an instant hit with my tween!

My daughter loves this series. It talks about bullying which is so important in schools right now.

My daughter loved these books!
