# Dead End: A Zombie Novel (Jack Zombie Book 5)

## Synopsis

The chances of a fairytale ending in a post-apocalyptic wasteland are slim to none. But so are the chances of surviving hordes of zombies while traveling across the country. So, for Jack Jupiter, the chances mean nothing. He hasn't stopped before and he doesn't plan on stopping now, either. With Project Reset canceled, Jack and the group head to San Francisco, where Darlene hopes to find her mother and sister...dead or alive; because all she wants is closure. While on their journey, they hear of a settlement located in Golden Gate Park called Haven. Weary of what Haven may actually be, the gang proceeds with caution. But rarely does that work for Jack Jupiter, and a run-in with a group of religious zealots known as the Red Robes slows them down, creating another enemy to worry about. Though it's not all bad. New friendships are forged along the way, and Jack's hope never wavers, because without hope in this world, you're liable to hit a dead end. Will Jack, Darlene, and the rest of the group get their fairytale ending? Or will their luck finally run out? Read book 5 of Flint Maxwell's best-selling Jack Zombie series to find out!

## Customer Reviews

Great series...love Jack,and his gang!!!Very fast read,nonstop action,rollercoaster ride,thrills and chills!Lots of bad guy,crazies and Jack is a baddass super hero!!!Can't put it down,read them all !

Fast packed action. It's a fun read. You'll have a hard time putting this book down. I can't believe the series of over. :(

Great book loved it

Do yourself a favor, READ this series!!

This is my honest review of a book I received from the author. I DON'T RECEIVED ANY MONEY TO READ THIS BOOK ONLY TO LEAVE AN HONEST REVIEW.Maxwell is using more and more his author "voice", he's growing to know and control his creation. As a good book with zombies and betrayal, murder, mayhem and crazies...is a more complete story.The plot follows Jupiter story with new and old characters around. This character, had something special that Maxwell keep and is paying off, Jack Jupiter isn't a super hero, never sold himself as "I'm going to save the world".All the plots are more strong. Living in an apocalipse world he still feel he's not made to do this. That Jupiter insecure, that had to go on because...nobody else want.Sometimes, Jupiter make mistakes and other times his "family" stop him to create mayhem and got killed.He's still diminish himself with things like: body weak, concentrate in one point and doesn't see what's around. That make him BIG PROBLEMS. But at the same time even when he thinks he isn't anymore, he still preserve his HUMANITY.NO SPOILERS....READ THE BOOK, was very good..A point to be check, still the reference of the zombies: decay, yellow eyes, some parts is too much repetion.I support Indie authors, they make an interesting twist on writing. The Publishers Houses had to be following more of them because they're are writing.I'm very honest with my Reviews, not only for me, the author or other readers, how an author know when did something good or need improvement?How another reader believe in my review? If I didn't read the book, I don't Review. If the book is good, Review. If the book isn't good, Review.With that we all benefit, readers, authors & readers searching for something new or special. My opinions are my own.

I really loved this series. Fast paced and nail biting at times. There are a few grammatical errors and mistakes with names, but those are never reason to take away a star on the rating. I have one

reason and one reason ONLY for giving 4 stars instead of 5. Don't read on if you haven't read the books...\*\*\*\*\*S P O I L E R A L E R

T\*\*\*\*\*My one reason? Darlene. She is the most irritating character I have ever read. Just too much. And she has Jack totally whipped. I kept hoping and praying that she would die. I cringed every time I would read the name Darlene. It has to be the most used word in the entire series.

I've read all five of the Jack Zombie novels and I think that this one was the best. As I've said many times before Flint Maxwell's books just keep getting better and better. If you want to read this book, I would advise starting with book one and reading them in order as each book is a continuation of the one before. Loved the ending, and can't wait to read more from Flint. Whether it be ghost stories, or a passing of the flame novel. Anything he writes is sure to be interesting, and have many plot twists.

Dead end, it has a few connotations. Does it mean some, or all of our protagonists die? Does it simply mean that the story reaches a dead end? You'll have to read the book to find out. As per the blurb there is a lot going on in this book and it kept me on my toes as I read. I hoped for that all elusive fairy tale ending for Jack and his family but the apocalypse always has one more crazy to throw a spanner in the works. Fab book, fab series.\*I voluntarily read and reviewed this book, my opinions are my own\*
