## Customer Reviews

15 Smart Ways to See the Island 15 Self-guided Tours. 45 Maps. One Great Trip. At last, a travel guide that tells you how to see the best of everything in the smartest, most time-efficient way. The best of Maui three days, one week, or two weeks Thematic tours for every interest, schedule, and taste Walking tours that visit the island's most scenic roads and towns Hundreds of evocative photos Bulleted maps that show you how to get from place to place Hotels, restaurants, shopping, and nightlife for all budgets A tear-resistant foldout map enclosed in a handy plastic wallet you can also use for tickets and souvenirs

very helpful, lives up to reputation. Be careful about some restaurants recommendations but for the most part very good suggestions. The map is very good although the best map of Maui is the Maui ROad Map by menehunemaps available at our hotel free. Make sure you travel with your Garmin GPS. It's incredible good and we used it for all our trips with exceptional luck but you have to program in some points of interest.

I bought this for my daughter as she is planning her Hawaiian wedding and honeymoon. She found it was very helpful. She also plans to take it with her to use as the festivities roll out.

To me the book is redundant with its info.. Maybe because Maui is a small island and things to do can be limited. Example: certain areas were mentioned a few times in the book under subcategories such as romantic, adventure, family fun.... etc... And yes, some activities can apply to all categories across the board, but I just felt like I didn't really gain anything outside of what I already know. I did better just googling "activities in Maui" online. So I rate the book 2 star because of this. I also found myself bouncing from one page to another to refer to maps, etc.. I don't like how the info on this book is organized. But the title is a hook and it is a light weight book easy to bring during my trip to Maui.

Took us to places we needed to see with background and a map.

Answered ALL my questions! We wanted the best hotels, best happy hours, best beaches, best drives, great restaurants and the super snorkeling spots and this little handy-dandy book gave us all the info in an easy to decipher format.

Just got back from a trip with my family and this was a big help in planning. I really liked the Maui with Kids Section as it gave us 2 new places to try (that we loved) which we would have never otherwise known about! :) Definitely recommend it!

Having never been to Maui, this book provided information that we would not have discovered on our own. Having this info now has helped us plan a more organized two week trip.

I bought this book and the Frommers Maui book. This is a condensed version, I wanted something for

my purse, but I still wanted the whole information and this one does not have it.
