The Holy Bible: Holman Christian Standard Bible (HCSB)

Synopsis

The Holman Christian Standard Bible is one of the most accurate translations of the scriptures. Let professional voice artist Dale McConachie, narrator of over 100 audiobooks, take you on a journey through God's Word, where you will discover his holiness, love, power, mercy, and grace. Do you often feel you're too busy to sit down and read the Bible, yet you know you need time with God? Well now you can hear from God from virtually anywhere with this digital recording of the Holman Christian Standard Audio Bible. Dale McConachie's goal in recording this is for you to feel, when driving down the road, as if your best friend is in the front seat reading the Bible to you. It is the reader's prayer that many will let the Word of Christ richly dwell in them. People in all 50 states and most foreign countries have purchased audio Bibles recorded by Dale.

ASIN: B00E0X5OHW

Best Sellers Rank: #31 in Books > Audible Audiobooks > Religion & Spirituality > Bibles #1549 in Books > Christian Books & Bibles > Bibles #45779 in Books > Religion & Spirituality

Customer Reviews

The extra information in this Bible is so helpful. In the beginning it tells who wrote each 66 books of the Bible, approximate date it was written and a little about each author. Also has WHERE TO TURN, and so many other extra bits of information that is not available in normal Bibles. There is more information that is helpful when reading the Bible located towards the back of the book .Be careful if you buy a used one though. It may not always be as described. Easy to read!

This is a great Bible. I would recommend it to anyone, especially to those who found the Bible hard to understand. This is my second one - I wore the first one out,

I recently bought this Bible after carefully comparing the text online at the publisher's website. The "Goals of this translation" stated in the HCSB Introduction are all honorable and I'd argue that they did achieve them. This is an accurate, readable Bible in contemporary English. The study helps are valuable and the accuracy was not compromised due to cultural or social agendas (gender inclusive trend). The footnotes in this Bible are educational. A good example is found in the difficult passage of 1 Sam. 6:19 "God struck down the men of Beth-shemesh because they looked inside the ark of the Lord. He struck Down 70 men [out of] 50,000 men..". The footnote reads "Some Hb mss, Josephus read 70 men." Study of other Bible versions will show that there are many different interpretations of this verse. The HCSB has a sensible rendering of the passage. This is not a "study" Bible per se. But

the additional helps were a surprise! Some features that I really like are: "Where to Turn" is a convenient, helpful section. The Table of Weights and Measures and the Bullet Notes come in handy also. The words of Christ in red. The bold typeface of the OT passages when quoted in the NT. The use of "Yahweh" in the OT when the text emphasizes The Name. "Yahweh" is likely not the actual name (YaHUaH) but a step toward recognising the importance of The Name is a positive in this translation in my opinion. Uses "Messiah" in a Jewish context and "Christ" in a Christian context. The quality of this hardcover binding is excellent, especially considering the very reasonable price! This Bible is versatile enough that a new student or an older student of the Bible will both benefit from its use.

I own several bibles. I love this one. I trust the translation.

I've been on a mission lately, purchasing several different bibles, and this one was recommended as a good literal translation. So, I've been using it as one of the books for side-by-side comparison. I have to say, in most regards, it's very good. But then, I came across some things I had to absolutely disagree with because the publisher/author bias was just too evident and I've pretty much shelved this book as a guide. I still use it as a comparative, because it's helpful to see other points of view, but, I would not base my beliefs solely on this book. It's good for a scholarly study. Not so good for a theological basis. For a good solid theological basis, stick with a KJV or NABRE (or both to get the most from the words of God :) The book itself is well done, good binding, etc. The included extra notes are very helpful, from a secular point of view. I'm not one of those fanatics who'll tell you only certain translations are the "true" or "inspired" word of God - because none of them really are (Jesus didn't speak english :P) It's more helpful to try to understand the underlying principle (eg, love thy neighbor & enemies) and strive to live by Jesus' example and admonitions, than to take the bible as some kind of excuse to shun each other, give up improving the world around you and waiting to be removed from all this messy world (ain't gonna happen folks. Read the bible, Jesus said that's not how it's gonna be :P) Off my soapbox now :)

I am a NKJV gal, but I love HCSB. The book broke at the spine the first time I opened it. But it was used----
