Customer Reviews

Fantastic book! I bought it for a friend and we laughed and laughed...so funny to take out your aggressions with a stress relief coloring book. I should be honest and explain thta I did not color in the book, and I did not examine the weight of the pages. I just loved the idea and laughed at the idea.

There were a couple of duplicate pages but it's not a big deal. I've only colored one page so far and used Crayola markers so they didn't bleed through to the next page.

I like this coloring book. It is not the highest quality paper I have used in the past but it works just fine. Some of the words are 100% adult content and I do NOT recommend giving this product to a younger person. However, It is a great way to release frustration without being confrontational.

Overall, I am happy with this product.

I got this for my daughter during her pregnancy and she laughed but used it coloring all the words.

This is a fun book when I'm in a crappy mood and don't want to cut loose on a favorite book. It is exactly what it says it is: A very colorful way to burn stress.

The designs hide the word very well, but there are phrases in here that went straight into the shredder.

So much fun! I loved style and words in this book. Some were so good I framed them and gave them as gifts.

I love coloring these with pencils and markers. The pages aren't over whelming. Each page has a hilarious inappropriate different word or saying with cute critters to complete. I love it.
