## **Customer Reviews**

This is only kind of neat. It's more like a journal, with a fact written atop each lined page. No pictures inside that I've seen. I'm pretty disappointed, as I wanted something more like an illustrated book.

This looks more like a diary. When it said "notebook" I thought that was describing how it was bound, like paperback or hardcover; but nope, it meant a writing notebook, or journal/diary type.

Not very impressed with this at all. It lacked so much info I went searching for notable dates in 1977 to add to the book. Glad I didn't invest too much in this as it was more of a disappointment than anything. Meh.

Bought 2 as a gift for a friend and my wife, they both loved it so much getting to see things from the year they were born. So cool!!

My son received this on his birthday and liked it very much, thanks!

Thanks

perfect

Not what I expected. I was going to give as a gift but the way it is laid out it's really not good. It's truly like a notebook.
