# Moving To Atlanta: What You Need To Know Before You Get Here

## **Synopsis**

This is a reference for readers who are moving to Atlanta. Moving to a new city can be overwhelming with so many variables. Understanding where you will want to live, where you will want to play, where you will want your kids to go to school, and how long it will take you to get to work from there is daunting. This book is intended to be direct and to the pointâ "a reference for you as you strategize your move to one of the great cities of America. My family is from the northern suburbs of Atlanta, so it wasnâ t until I went to college in Midtown that I began to understand and experience life in the city. After college, however, I moved away for eight years and lived in Hawaii and D.C., so when I came back to my home town, it felt like moving to a new city. This is especially true in Atlanta given how fast things are changing and growing! This guide is what I wish I had had when I made the move here. I hope you enjoy, and welcome home!
