The Winning Horseplayer: An Advanced Approach To Thoroughbred Handicapping And Betting

Synopsis

In *The Winning Horseplayer*, Andrew Beyer builds on the strategy of speed handicapping that he detailed brilliantly in *Picking Winners* by introducing the concept of trip handicapping. Through an unbeatable combination of case studies and lively anecdotes, Beyer shows the smart bettor how to combine past performance data with an understanding of trips, track bias, and pace. This advanced guide to handicapping, which includes a new preface by the author, offers a generous dose of the wit and wisdom that have made Beyer a legend in the sport.

Customer Reviews

"This exuberant memoir will delight the hearts, improve the minds, and fatten the bankrolls of horseplayers everywhere." —Tom Ainslie

ANDREW BEYER thoroughly revolutionized handicapping when he created his *Beyer Speed Figures*, a measure of how fast a horse has run in a given race, and an indispensable tool for horseplayers. Making the necessary calculations to develop a set of figures for each horse in each race was too time-consuming for most horseplayers, so in 1992 the Daily Racing Form commissioned Beyer and his associates to provide his speed figures for every horse competing in North America. Beyer has been a columnist for the Washington Post since 1978, and contributes regularly to the Daily Racing Form. He is considered one of the leading experts on horse racing.
