Customer Reviews

Helped with evidence more than any other supplement, and has great practice questions in the back

Diagrams were helpful; more basic explanations and mini hypos than what you would find in a hornbook.

Absolutely love this book. I was able to have open book and notes for my exam and I brought this book into the exam room and I was able to find everything I need. In the back of the book you can look each rule up by its number and it shows you every page it is on. I love the exam tips for each topic towards the end of the book. I would highly recommend this book for a study aid.

I always use crunch time for my exams! The chapters are so helpful and the condensed summaries really bring out the important points. I also like the mix of multiple choice and short answer questions in the back.

My Evidence prof uses the non-Crunch Time version of this Emanuel's in lieu of a textbook. The other version is too long and not worth it, this is all you need.

Great study aid! Recommend.

The Evidence CrunchTime has been a reliable supplement to the casebook and lecture notes. A worthwhile purchase indeed.

Great study guide. It has flow charts that are perfect for figuring out evidence. Especially useful when figuring out hearsay exceptions. I would recommend for law students.
