Customer Reviews

Wished they expanded more on the Governmental & Non-profit sections of the FAR section. I haven't tried out the other three yet but so far, this is pretty good as a general overview of the material. Especially so in comparison to Wiley.

great general book and cheaper than the 344 dollar ones. Just to keep your accounting brain

working.

The book is rich of questions, some of these questions were close to what I saw in BEC exam

wish they could have one for Canada CPA

The book has good questions, but bad answers. I found that sometimes the answer chosen doesn't even explain why the other choices are wrong, and also sometimes it's just the plain wrong letter of the multiple choice for the answer that's given. They explain the number calc but give a multiple choice answer with another number. Granted I have only used the FAR part, but I'm kind of scared to use the rest of them. I'll decide when the time comes.

Good

I recently bought the Becker package for 3700, and these questions are child's play compared to Becker. McGraw-Hill is simply too easy. This book is so easy that it is worthless.

Hope that it will help me pass the exam
