Dennis, Sheila, and Matt Linn have given retreats and seminars on processes for healing in over fifty countries and in many universities and hospitals, including a course to doctors accredited by the American Medical Association. Dennis and Matt are co-authors of nineteen books, the last fourteen co-authored with Sheila. These books have sold over a million copies in English and have been translated into more than twenty different languages. Dennis and Sheila live in Colorado with their son, John, whom they are home and global-schooling. Matt lives in a Jesuit community in Minnesota. Dennis, Sheila, and Matt Linn have given retreats and seminars on processes for healing in over fifty countries and in many universities and hospitals, including a course to doctors accredited by the American Medical Association, Dennis and Matt are co-authors of twenty-one books, the last sixteen co-authored with Sheila. These books have sold over a million copies in English and have been translated into more than twenty different languages.

This book changed my life and renewed/reinvigorated my Catholic faith. If you're feeling depressed about the state of Catholicism, this is the book for you.

My associate pastor recommended this book to the parish during a recent homily. I found many of

its claims challenging. Many of its sources came from people who are often at odds with Church teaching and from times (1960s, 70s, and 80s) not known for its spiritual fruit. However, it asks many important questions that need to be confronted. The most compelling aspect of the book is its use of real-life examples to show that we ascribe things to God which are not consistent with love. I recommend the book to those who want to grow in faith and who are not afraid to ask themselves difficult questions.

Disagree with some of their theology... hadn't with their other books.

Linn's address the Old Testament god in the New Testament. They voice their opinions on old perceptions of God.

I only gave this 3 stars because I (and probably others) did not understand a lot of this book. It was very philosophical. The concept of healing your image of God is intriguing and beneficial. I got some good stuff from this book but a good portion of it was over my head. Not sure that's the authors' fault sine the book may have been intended for readers who know more about this than I. One other thing is that the authors use the same names as references, which gives the impression that their opinions and interpretations are not widely held.

This book, as the Linn's other books, have invited me deeper into healing many painful distortions about God, faith, calling, etc. I am grateful.

A+++++++

Not a fan. Ordered 6 books for a class. They came separately. 3 one day, 1, another and 2 another day. The book is great. Shipping not so much
