# The Author's Blood (The Wormling)

## Synopsis

“Nothing special” is the best way to describe Owen Reeder—at least that’s what he’s been told all his life. When a stranger visits his father’s bookstore, Owen’s ordinary life spirals out of control and right into a world he didn’t even know existed. Owen believes the only gift he possesses is his ability to devour books, but he is about to be forced into a battle that will affect two worlds: his and the unknown world of the Lowlands. Don’t miss the exciting conclusion to the Wormling series (Book 5, *The Author’s Blood*).

"There comes a point in every battle when a seemingly insignificant event determines the outcome. . . . The Dragon believed he had his enemy trapped like a bug under glass, but it was then that a gentle breeze, hardly noticed, blew over the coliseum." "No one heard the soft footfalls of the oncoming masses. Something clanged against the stone structure, and sunlight glinted off metal." As the battle approaches, Owen remembers the words, "Some may trust in their strength, in their weaponry, in their number of soldiers, but I will trust in the love of my father, who delights in crushing the mighty by using the weak. He will defeat the enemy with the good-hearted friends he has given." Witness the final battle.

I would like to thank the authors for writing and sharing this amazing and uplifting series of books. I was able to share the series with both my fourteen and eleven year old sons. These books helped me to reconnect with my spiritual life that I must admit had fallen into a slump. The story of the Wormling and his journey guided by the words of the King reminded me of God's great love, grace and mercy towards me. I pray that God will continue to bless you both and continue to gift you with words and ideas for more books that will inspire and uplift as this series has done for me and my children.

I choose this book (this 5 book series) to read because it was written by one of my favorite authors. He did not disappoint me. I especially liked when quotes from the "Book of the King" was used to make a point. I would recommend it to the young and old reader alike, as I am one of the old. I read all 5 Books in less than 5 days. I don't usually do this but the books were that good...I just HAD to know the ending.

This is an AMAZING series full of action and truth. Do not read this book before reading the others in this series. I love the meaning behind everything as you see it come together. This series is good for any book lover. I don't get tired of reading them. I don't want to spoil it, though, so I won't say any more. Great job, Jerry B. Jenkins and Chris Fabry, and thank you for your hard work on my very favorite books ever!

I read this serie with my daughter, and we loved those books. The story is inspiring.

What a great series. The books kept us interested until the end.

The Author's Blood is an amazing book and it is part of an amazing series. The first time I read it I was immediately captivated and could not stop reading. BUT do not read it for a bedtime story to

little kids. It might give them nightmares. --Aiden, age 10

Simply amazing. This series has deeply touched my heart and my faith. I highly recommend that everyone read the entire series !

love it
