Emergency War Surgery: Third United States Revision, 2004 (Textbooks Of Military Medicine)

Synopsis

Although it does not state that it is part of a series, it is listed on the Borden Institute's web-site under "Textbooks of Military Medicine." Represents an entirely new handbook. Revised to reflect lessons learned from ongoing American involvement in Southwest Asia. Is an essential tool for the management of forward combat trauma. Takes a bulleted manual style in order to optimize its use as a rapid reference. Drafted by sub-specialty experts. Updated by surgeons returned from year-long deployments in Iraq and Afghanistan. A collaborative effort with the Army Medical Department Center & School. Includes bibliographical references and index.

Defense Dept., Army, Office of the Surgeon General, Borden Institute

This is a concise and well organized manual for the most common types of trauma encountered in a war zone or other similar civilian disaster. It explains in technical, medical jargon the procedures for treating such wounds in a safe and efficient manner. A manual for medical professionals who may need trauma care instructions in the future. I am baffled at the list price of \$100 since I picked my copy up at a PX/BX for \$19.95 and it is available for free in electronic format at [...]

great info. very fast delivery. would use again
