Relocating To Boston And Surrounding Areas: Everything You Need To Know Before You Move And After You Get There!

Synopsis

Everything You Need to Know Before You Move and After You Get There! Boston and its neighboring communities are among the most historic and cosmopolitan in the country. But moving there can be an overwhelming and expensive experience without the right guidance. This book gives you all the information you need to make the transition smooth and affordable, including:

- How to find a place to live
- How fast
- Where to look for a job
- How much it costs to live in the area
- Where to find the best schools in town
- How to choose a neighborhood you'll love
- What to do in and around Boston
- And much, much more!

Bursting with information on everything from post offices, banks, and health clubs to restaurants and movie theaters, *Relocating to Boston and Surrounding Areas* will help you negotiate the city like a native on your very first day.

Surrounding Areas will help you negotiate the city like a native on your very first day.

Adam Gaffin is the creator and editor of Boston Online, an award-winning Web sit dedicated to everything Boston. A New York native who moved to the area for school, he fell in love with the city and never left. He lives in Boston's Roslindale neighborhood.

Entertaining a move to Boston, I bought this book on a whim. It's a nice guide and will give you a general overview, but I wanted more meat. I suppose I'd be in a better position to judge had I actually moved at this point. It does give some nice information by neighborhood, so you could theoretically find a dry cleaner/coffee shop/hardware store your first week in town if you needed to. A little too much of the book (for my taste) was devoted to moving basics...like a packing timeline, etc. I already know this stuff or would consult UHaul if I didn't...I would rather have had more Boston info in the book. The writer clearly loves the city and is proud to share it, and isn't afraid to discuss the city's foibles (traffic, parking and high -- really high -- cost of living). If you're looking to move to Boston, I'd buy this in tandem with another book or two -- just to make sure you're getting everything you need.

a little outdated compared to what one can just google nowadays, but a good starting point

We bought this book prior to moving to Boston. We have never been to Boston and did not know a soul here when we moved. It has a good description of the neighborhoods and helped us pick a neighborhood to live in. It also having moving tips, which I wasn't interested in and things to do in Boston an surrounding areas. Also has a section on annual things/celebrations in Boston which is nice to know what to look for. Has a "What's Around Town" section on Museums, Galleries, parks, restaurants and things to do and even branches into the surrounding states. I think it is a well rounded book for someone who doesn't know the area at all. I would buy it again.

I am finding this book to be very helpful because it really focuses not only on Boston, but also on overall moving tips and timelines. Some people may not need this section at all if they are avid movers. I would have liked to see more detail in the surrounding neighborhoods. The "Outer Suburbs" were really generalized which was not helpful to me as I will be relocating to a western suburb of Boston. The publishing date is also 2002, so it does not include all of the latest antics with the Big Dig, etc. Still, I find it helpful overall.

An excellent book. In the tradition of Mr. Gaffin's reknown website Bostone Online, the book is enlightening for those of us from far off lands on the true culture and language of Boston. A true guide to bean town. Well recommended.
