Customer Reviews

Lisa Swerling and Ralph Lazar are best known for their cartoon lines *Harold's Planet* and *Vimrod*. Their greeting cards have sold in the millions. They live with their children in Marin County, California.

Got it for my girlfriend on Valentines Day. I wrote a special message to her on every page. She loved it. Great Valentines Day gift, Birthday gift, Suprise gift. Great gift for no reason at all.

I got this for my wife as a gift on Valentine's Day (though not all she got). It was very cute and she enjoyed it even more than I expected. I guess it's basically formatted like a children's book, but cute. It begins with "Me without you is like...", the next page is "... sky without blue", and then every following page has some other little rhyming comparison, such as "hair without do", "ghost without boo", "kung without fu", etc., and just keeps going on and on like that for every page, each with a little illustration.

I mailed this to my significant other while he was deployed. I wanted to mail him something for Valentine's Day that wasn't too cheesy/romantic. This book was perfect for him, because the touch of humor and it's not a "serious" book. It was priced 2x as much at a local store and I'm so glad I found it on here because he loved it!

I bought this as a corny valentines day gift for my wife and I got just the reaction I expected. She thought it was cute and read through it at least three times that I know of. It makes the perfect add-on gift for any "I Love You" occasion. I would buy this again.

What a clever cute book! I bought for my honey on valentine day and he reads it to me ã â â'â— I can't get over how clever the author is on the countless examples and rhymes, This is a FUN lovely and also Romaric family book or partner, I'm a fan of Ralph's

This little book is so cute! I bought it for my husband's birthday, and we both loved reading through all the cute, and funny little pages. It's great for anyone who has a little sense of humor, and a gift to remind someone just how much you appreciate them.

Valentines gift for my wife while I am deployed, she liked it. I mean it would be way better if you can write a personal note before giving but good as is also

Adorable book and great gift. Got this for my girlfriend and she loves it. Small size, big impact. It's a cute little book to get as a gift for any occasion, your significant other will love it!
