# Prelude To "The Afternoon Of A Faun" (Norton Critical Scores)

## Synopsis

An original concept: in one volume, a study-size score of a major musical work, and a comprehensive body of tools for the study of that work. Music example and charts illustrate the analyses, and each essay is fully annotated by the editor. In some cases, the results of original research by the editor or by others working in the field are published here for the first time. Much of the material has never before appeared in English. A score embodying the best available musical text. Historical background-what is known of the circumstances surrounding the origin of the work, including (where relevant) original source material. A detailed analysis of the music, by the editor of the volume or another well-known scholar. Other significant analytic essays and critical comments, exposing the student to a variety of opinions about the music.

## Customer Reviews

Music examples and charts illustrate the analysis, and each essay is fully annotated by the editor. In some cases, the results of original research by the editor or by others working the field are punished here for the first time. Much of the material has never before appeared in English.

A brilliant and and complete discussion of "Afternoon of a faun". Includes complete score with references to almost`all the same sources used as basis for the new Barenreiter Urtext edition, complete analysis of the score, text of the Mallarme poem and numerous historical and analytical

articles. Complete, informative and scholarly. Highly recommended.

A must have for serious students and conductors. I don't think the Baerenreiter edition has all the essays and etc that this edition does.

This is just a study score, I was expecting a full sized score. Beside the size, it is a great full score.
