## Customer Reviews

Brand New.

If you're looking at this page, you probably already know that this is THE book for VA, and a good resource for the neighboring states as well. You may not know that you can buy it directly from the AFS for under 120 smackos.

This is the most complete authority on the systematics of Va. fishes anywhere. Cudos to Burkehead and Jenkins on such a comprehensive atlas.

Excellent. The most comprehensive regional ichthyofaunal guide to date
