Customer Reviews

This map shows every street and alley in the city, but it would have been nice to have it in a flip-book as it was difficult to refold after using.

This was very helpful on a recent visit to Memphis. We had several locations to find, and even though we have a GPS, seeing the "big picture" is nice.

easy to use

Good price and delivered on time!

The print is way to small. You need a magnifier to view it. I opened the map and it already ripped.

so fast, receive it next day . for my family , Nice and valuable. good seller. It's so sharp. I cut myself the first time I used it.
