## Customer Reviews

Bought for my 2 year old who is a bit young for this type of book, but he is so into stickers that I bought because the price was right.. This is a one time use sticker book with some nice history of Disney animation that I found a bit interesting myself, but my son did not seem to care too much about that. Once the stickers are in place, that's it. It isn't much of a book you can go back and read with your kid. It is just random characters and scenes from Disney movies that explain a bit of history. May be more interesting for older kids (5-6?).

The stickers don't stick!!! There are very few stickers for this price. The stickers are bad quality and there are not a wide variety! I would not purchase again!

all the characters... fabulous

Love these books for things to keep the little ones busy

Ok

Lots of stickers

This isn't like the other ultimate sticker books I have received from DK Publishing, it is a lot smaller. Probably only 10 pages. But it is perfect for my 2 year old nephew.

It's a nice book; but, not very many stickers. It's also more for an older child - more like 4 or 5 years old.
