Flashcards: 50 First Words (Scholastic Early Learners)

Synopsis

First 50 Words contains twenty-six giant shaped flashcards designed to help children recognize and learn a variety of essential first words in preparation for reading success. One side of the flashcards has a picture, while the other side has the written word. By sharing the flashcards with an adult, children are encouraged to sound out the simple words, developing their awareness of letter sounds, increasing their vocabulary, and promoting their reading skills. With fun, colorful images and clear word labels, children will be introduced to first words from key first-concept topics, including colors, shapes, animals, and vehicles. The flashcards are perfect for little hands to hold, and are shaped to allow clear distinctions for adults and children between the different first-concept topics. Scholastic Early Learners: Interactive books for hands-on learning. Perfect for babies, toddlers, preschoolers, kindergarteners, and first graders, too!

Customer Reviews

I love the actual cards (the size and quality), but the card content is ridiculous. It looks like someone just wanted to get a bunch of family members and friends on these cards (not sure how showing someone else's mommy is going to teach the word mommy). I was expecting to use these to teach objects. Not "all gone" by showing an empty plate of food (well, it did have crumbs) and "more" by

showing a plate with a donut on it. Very disappointed!

I was somehow disappointed, the description says one side has the picture and the other side had the written word. I would have loved this to be true because my purpose (and only reason why I got flash cards) was for my children to eventually point out the word without the picture. Please note that both sides have a picture with the word and each side is a Different word... returning the item is not an option for me since I will be spending more money on shipping than keeping the item.
