This includes the horn part, and then the piano part. The only thing I thought was weird was that in the piano part, the horn part is not transposed to the concert key, usually they are. But hey, not a bad thing, not like the piano player is playing the horn part. I was very happy that it arrived unscathed, and safely pressed between some thick cardboard.

This piece has a nice flow to it. It has some rhythmic challenges and you need a good high range, although it does not stay high and is not tiring to play. It doesn't go low at all (no bass clef). An advanced high school or college horn player can play this piece.
