Best Sellers Rank: #941,067 in Books (See Top 100 in Books) #76 in Books > Children's Books > Activities, Crafts & Games > Games > Magic

## Customer Reviews

I purchased this book because it was stated that "Bargain books are new but could include a small mark..." The book itself was received in good condition, however NONE of the props that are supposed to come with a new book, were included. Very disheartening to my budding 7-year old magician to read "use the enclosed (item)" only to not have the item ever included. VERY misleading.....

I bought this book for my 8 year old daughter after she came across a copy at school and enjoyed learning the tricks. It's a good book for her to learn and practice tricks on her own before showing them to us. We were pleasantly fooled by the coin trick she performed!

This book was supposed to be new, it is old and very used and none of the magic props were included. I only bought this book because it stated it was new. I'm very disappointed and cannot give this as a gift as I had intended.

Great book of "beginner" magic, despite that much of the material is professional. Not just the usual beginner effects you might find in similar books. As advertised by seller.

klutz books are great- they are the easiest way that I have found to learn cool things fast! I bought this for my brother in law and my niece- she wanted a "talent" and I thought it would be a good "bonding" exercise. They tell me they like it. I also got them another klutz book which they tell me they like. I have the harmonica book for myself!

Nothing special here. Most of these tricks can be seen on U tube or magic tricks revealed sites. Good for beginner magician. More of an introductory type of book. Nothing new or exciting here.

This is a great beginners kit. Also has a few that us older guys still do, or should go back and take a look at. Can't beat the price - and that includes the gimmicks. If anybody is interested in starting magic, this is a great place to learn the basics.

I went looking for this book because it was a favorite when I was young. I knew I would be able to find it on , and here it was so I bought it for my niece who enjoys it.
