Bungalow 2 (Danielle Steel)

Synopsis

Danielle Steel takes us beyond the dazzle of Hollywood in her compelling new novel—the story of one woman’s journey from suburban mom to award-winning screenwriter...and all the joy, heartbreak, and challenges along the way. **Bungalow 2** The phone call came on a hot July day—a day like any other for Marin County mom and freelance writer Tanya Harris. But this call—from Tanya’s agent—was anything but ordinary, offering a once-in-a-lifetime opportunity: the chance to write a major Hollywood screenplay, a dream she had put aside long ago to devote her energies to her family. This time, Tanya knows she cannot refuse, even though she’s torn about leaving her husband and their daughters. From the moment she steps into her lush bungalow at the fabled Beverly Hills Hotel, Tanya is thrust into an intoxicating new world where she feels reborn—energized by the creativity swirling around her—yet the pull of her family at home is strong. Suddenly she’s working alongside A-list actors and a Hollywood legend: Oscar-winning producer Douglas Wayne, a man who always gets what he wants—and who seems to have his sights set on her. Flying home between shoots, struggling to reconnect with a family that seems to need her less and less, Tanya watches helplessly as her old life is pulled out from under her in the most crushing of ways. As her two lives collide, as one award-winning film leads to another, Tanya begins to wonder if she can be a wife, a mother, and a writer at the same time. And just as she confronts the toughest choice she has faced, she is offered another dazzling opportunity—one that could recast her story in an amazing new direction, complete with an ending she never could have written herself. In **Bungalow 2**, Danielle Steel takes us into a world few ever see—a world of fame and fortune, celebrity and genius—daring to show us the real lives, real dreams, and real struggles hidden beneath the flash and glitter of Hollywood. From the Hardcover edition.

Customer Reviews

In Steel's latest, 42-year-old Tanya Harris loves her life as a mother of three, wife of a dashing San Francisco lawyer and moderately successful writer of short stories and soap opera scripts. She has long given up on her dream of writing a screenplay, but then her agent calls with a dream offer: a major director wants her and her alone to write the script for a new high-profile film. Tanya's first reaction is distress (her twin daughters are about to start their senior year, and her son is making the transition to his freshman year at UC Santa Barbara; how can she leave them?), but her detailed deliberations are cut short by her husband, who convinces her that this is her big opportunity. In Hollywood, Tanya's cosseted in every possible way, and she takes to the work immediately. But the weekend flights home aren't enough, and her worst fear is realized when her husband strays. Steel follows Tanya as she copes with domestic upheaval, all the time pushing ahead with her blossoming screenwriting career. Steel's characters spend a lot of time contemplating problems, and Tanya is especially adept at hand-wringing. Steel's many loyal readers will be entertained by this story of a dedicated mother and wife who embarks on a series of life-altering adventures in Hollywood. Steel's latest novel follows the travails of a demure Marin County housewife who finds herself caught up in the glamorous world of Hollywood. Tanya Harris is a contented wife and mother (beautiful for her age, of course) whose children will soon be heading off to college. With that hole in her life looming, she accepts an offer from her agent (she is also a free-lance writer) to work on a Hollywood script for a big-time producer and director. For Tanya, returning to the work world full time is a tough choice, but after a lot of hand-wringing and platitudes about leaving her family, she decides to do it. She plans to work in Hollywood during the week (residing at the swanky Beverly Hills Hotel, in Bungalow 2) and return home every weekend. Of course, she finds herself working on weekends, and before long, her husband begins an affair with their next-door neighbor, and Tanya herself has begun to take a romantic interest in the producer she is working for. Not surprisingly, their marriage unravels, and Tanya begins a series of fruitless Hollywood relationships, all while trying to maintain her bond with her children. But this is a Steel novel, after all, and eventually she

finds her man, works things out with her kids, and wins an Academy Award, no less. Kathleen HughesCopyright © American Library Association. All rights reserved --This text refers to an out of print or unavailable edition of this title.

Being able to be in one place for so long and leave it with no regrets is great.

I enjoyed this book and how it is written and could especially be true as couples or women chase their dreams and how marriage can be affected. Most of all don't do this best friend being friends with your spouse and trusting it. Barriers are required for we are all human. Ok hopefully I didn't give much away

Good!

If you're looking for a fun, easy read this book is for you.

As always a great book.

I love all her books, this one has glitz, glamour, wealth, life lessons and of course love. It shows you it doesn't matter who you are or how wealthy, life can change in an instant

I love Danielle Steel so I do tend to be a bit bias about her books. This one tends to pull at your heartstrings and your anger strings lol. I loved the story line. I hope you enjoy it as much as I did.

God every time I read a Danielle Steel book she sucks me in and I can't put it down. This book is so good! The characters jump out at you and you feel every emotion they are experiencing. Tanya is an amazing character whom you just want to get to know and be friends with in real life even though she is fiction. Love this book! You will laugh and cry. Keep them coming Danielle!
