Spoonfuls Of Germany: Culinary Delights Of The German Regions In 170 Recipes (Hippocrene Cookbook Library)

Synopsis

Spoonfuls of Germany offers an in-depth look at the surprisingly diverse German regional cuisine. Stretching from the shores of the North and Baltic Seas to the Alps, Germany has a large number of distinctive regional dishes that encompass a wide variety of vegetables and fruits, meat, poultry, seafood, dairy products, and much more. The country's position in the heart of Europe, bordering on nine nations, has also greatly influenced German food and cooking. The regional specialties in this book present the full spectrum of German food. Spoonfuls of Germany goes beyond the saurkraut and knackwurst stereotype to unveil the often-overlooked diversity of German cuisine. The 170 regional recipes range from classic dishes such as spaetzle and sauerbraten, to forgotten delicacies like Westphalian pumpernickel pudding. Numerous profiles, anecdotes, and food lore complete the book. Complete with b/w photos and maps.

Book Information

Series: Hippocrene Cookbook Library

Hardcover: 270 pages

Publisher: Hippocrene Books; First edition (September 1, 2004)

Language: English

ISBN-10: 0781810574

ISBN-13: 978-0781810579

Product Dimensions: 9.2 x 6.3 x 0.9 inches

Shipping Weight: 1.1 pounds

Nadia Hassani immigrated to the United States from her native Germany in 1998. She first landed in New York City, where she established herself as a writer, editor, and translator. Hassani found herself missing the foods of her childhood, which inspired her to write *Spoonfuls of Germany*. This is her second book, after a travel guide to Tunisia, her father's native country.

As a German myself and having the memories of the great food made by my Oma, I am always searching for German cookbooks that have the food that I enjoyed as a child and into adulthood. As many of you know since you are looking for a true German cookbook, they are few and far in between or impossible to find. This one has some of the exact recipes that my Oma used to make as her normal and daily meals. Being from the North in Germany, I have found this to be one of the few and most accurate books out in the market today. And for all those who believe we just eat Brats and Beer, you will be pleasantly surprised. If you are looking for a good German Recipe for their pancakes, I will gladly email that to those who want it, that is one that is hard to find still. And they do put the French Crepe to shame....

Great Book with a great selection of Recipes, included are the old German Names, great Pictures...

Breakway and add some down-home German cooking to your family meals. You will make Grandma proud...surprise her/treat her with something from the choices offered here.

We are enjoying reading through the recipes and can't wait to try them.

I have been searching for a butter cake recipe for years. My grandmother always made it without using a recipe. I guess it was how she had learned from her mother. I am so happy I found this book with a recipe that sounds so close to her wonderful cake. There are many other recipes I am looking forward to trying.

Compliments to the Author, as a true bavarian by heart even after living in USA for most of my life I am annoyed when i find writings about pseudo german dishes. This book is a delight and so easy to follow recipes.

Great book. All the recipes I remember from my years in Berlin. loved all the little asides about the history of the dishes and their names. I got one for each of the cooks in my family.

Delightful savoring's of Germany. Have tried a couple.
