## Customer Reviews

Great to organize with.

I'm so excited to use this calendar this year to record all of my client's "home-iversaries"!

This is a paperback book with the 12 months and then a section for Christmas card mailing. The months are spread among 2-3 pages with the days listed on the left with a rectangular box across where you would write someones name and birthday or anniversary, or whatever you are keeping track of. It depends on how large or small you write, and how organized you are but I would guess you could fit at least 20 names in each box if you try. But, if you need addresses you will be able to fit much less. At the end of each month there is about a half page for "notes". The last 16 pages of the book are for your "Christmas card list" with spaces for name, address and sent and received. I like this book, it serves it's purpose of keeping track of friends and family birthdays from year to year. If you are trying to keep track of tons of peoples birthdays, this is probably not big enough for

you. You can also buy bulk greeting cards very cheap and be the person who never forgets a birthday!
