Cassandra Clare vaulted onto the publishing scene with her first YA novel, *City of Bones*, and has published three other bestselling novels in *The Mortal Instruments* series. First published in August of 2010, *Clockwork Angel* marked the first installment of Cassandra's *The Infernal Devices* trilogy and debuted at #1 on the New York Times list.

i love the drawingsome parts were cut from the book because it's drawn of coursethe essence of the book is still there and the story doesn't suffergreat for shadowhunter fans

Fast shipping arrived as described.

I cried so hard!

I really enjoyed this graphic novel but I was just sad when it was over because it didn't seem long enough... But I guess that's how it always is with graphic novels in general. It was wonderful seeing some of my favorite scenes come to life in these books. I hope The Mortal Instruments graphic novels are just as good as The Infernal Defices ones.

AMAZING

A great little finish to the previous 2 books of this kind. The artwork is enjoyable, and if you are a fan of the Infernal Devices series, a must-have!

The Shadowhunter series are the best!
