Founded in 1947, Hal Leonard LLC has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

Good, wide-ranging selection of 100 songs. Good arrangements, including guitar chords. Well printed - easy to read. Includes brief biographies of the composers.

Dark small and fuzzy image. I should have read ALL of the reviews. They were out of paperbacks

so I thought it SURELY would be something I could easily read on an iPad, but it won't let me resize, so I can't see it well enough to read and play on a HUGE Mac display...I hate this.

I haven't tested the arrangements yet, but the selection is fantastic! There are usually a few greats mixed in with mostly clunkers in any collection. I haven't seen a clunker. Thicker than I expected, but it does stay open if you lay it flat.

Absolutly good! The piano harmony is very delicate. Enjoy it very much!

all above cd well worth the price if you like piano music. art pepin

Medium skill level. Some arrangements are too easy.

Advanced ability . Many arrangements in keys other than C.

Amazing!! If you love music from this era, you will love this book. The short bio's on the composers makes a great coffee-table conversation piece as well. The chords are identified beautifully and makes one feel like a true musician.
