Customer Reviews

It was PERFECT for what I was looking for. I am writing a book about a Chaplain in the Union Army in the Civil War. I needed a book that contained the old songs that dated back hundreds of years that soldiers would have been familiar with if they had attended services in Protestant churches growing up either in rural communities or in the cities. I will be using this book to pick out songs for both Sunday Services as well as weekly Wednesday Night Sing - A - Longs while they are in a permanent Winter Camp that usually lasted a couple of months...in my book they are actually forming a choir and I can make reference to songs that the Chaplain's Assistant is working with the Choir on Tuesday Nights for both the Sing A-Longs as well as the Church Services. I am writing this book journal style and am having an enjoyable time writing it. This is my first attempt at something like this, in the past I have had local newspaper and magazine columns and wrote a children's play for a local play. In addition to these things I have also written a monthly column as a Chaplain of my American Legion Post for 3 years. If there is anyone who actually reads this and has a group that I can get into a discussion group about writing I would sure appreciate the guidance. Steve Bogart...cannon@comcast.net

This is just what I need to learn the words to hymns. Hymns are songs that touches the heart and

are able to help you get through difficult times.

I love it

If you are looking for the old school hymns that we use to sing long ago at the full gospel churches well this is the book . I brought a used one form because I was just interested in the hymns and not the condition but this one the book was in OK condition .

This hymnal has everything you would expect and more including 39 Spirituals. The traditional hymns will be around when we are long gone while a lot of the pop praise songs that we loved in the past and now will not be around for our grandchildren.

Sometimes a believer wants to give honor and praise to God in several ways or for different celebrations through song. This hymnal offers a vast choice and provides history and honor to our Lord and Savior Jesus Christ and to God our Heavenly Father.

A must have!

An excellent Hymnal for church musicians as well as church choir members. The Hymnal is easy to read and the wording is very clear. A good Hymnal for congregation singing.
