Shipping Weight: 1.1 pounds

Average Customer Review: 2.4 out of 5 stars 4 customer reviews

Best Sellers Rank: #4,114,723 in Books (See Top 100 in Books) #93 in Books > Travel > United States > Illinois > Chicago #3237 in Books > Travel > United States > Midwest #4012 in Books > Religion & Spirituality > Occult & Paranormal > Ghosts & Hauntings

Customer Reviews

Book by Taylor, Troy

The rating should not even be 1 star - it should be 0. This is the absolute worst book I have ever read. The title is "Haunted Chicago". However, the book talks very little about "Haunted Chicago". Ninety-nine percent of the book is devoted to the history of Chicago and not the hauntings of Chicago. That would not be so bad as I love the city and read everything I can about it; but, much of the history reported in this book has conflicting details with the other material I have read on the history of Chicago. The grammatical and spelling errors in this book are so prevalent that it is actually unpleasant to read and sometimes you are left trying to figure out what he is trying to say. A very disappointing read.

I bought this with "Bloody Chicago" by the same author and am now thoroughly disgusted. The author's books lack any theory, any journalistic savvy, any insight. I felt like I was reading a high school paper that had been lifted from the internet. After half the book, I gave up. A friend had taken me on the author's tour in Decatur (in central Illinois--decidedly not Chicago, though charming in a different way and in its own right). The tour was not led by him but another guide, and it was fascinating. Unlike this book. Perhaps the author's book on Decatur is better, as our guide on the

tour told us Taylor grew up there. I won't be finding out, though! Again, try Ursula Bielski's "Chicago Haunts" series for everything anyone will ever need to know about haunted Chicago. I'm off ghost books for awhile!

This book is very interesting from a historical viewpoint--lots of background about the founding and growth of the city of Chicago. But hauntings? Not so much. It's really about 80% history and 20% hauntings and none of the photos are remotely paranormal. Throw in dozens of typos and grammatical errors (did anyone proofread this book?) and the author's love of exclamation points, and it's a hard book to like.

Troy Taylor combines history of the great city along with true stories of hauntings brilliantly. It is a book for the patient reader & goes very much in depth into history, but the author is genuinely in awe of Chicago & puts it all across with passion. The stories are fascinating & spine-tingling. I look forward to reading Haunted Illinois.
